**KEEP OUT OF REACH OF CHILDREN
CAUTION**

**See back panel for additional precautionary statements.
Net Contents: 6 fl. oz.**

DIRECTIONS FOR USE. It is a violation of Federal law to use this product in a manner inconsistent with its labeling. To repel & kill mosquitoes, chiggers, mites and ticks, including Ticks which carry Lyme disease and Rocky Mountain Spotted Fever. This product must not be applied to clothing while it is being worn. Under no circumstances should bare skin or clothing on the body be treated. To be used for treatment of clothing and bed nets only. Make all applications outdoors. In case of accidental contact of skin, face or eyes, see "First Aid" below. **DO NOT TREAT UNDERWEAR, HATS, CAPS OR INNER CLOTHING.** Components: Resealable treatment bag, 6 oz. bottle of Permethrin solution, waterproof gloves, string. **SHAKE WELL BEFORE USING:** Application Procedure: One kit will adequately treat 1 adult shirt, 1 adult trousers and 1 bed net. Pour the entire contents of the bottle into the resealable treatment bag provided with the kit. Fill bottle (twice) with water and pour into bag. [For bulkier garments (denim jeans, heavy cotton shirts, etc.) fill bottle three times with water.] Lay garments (shirt, trousers and bed net) flat and on top of each other. Roll firmly [tightly] and tie with string provided. Place rolled up and tied garments (shirt, trousers and bed net) into the bag and seal the resealable closure. Shake bag to provide uniform coverage of garments. Let stand 2 hours or more. Wearing the waterproof gloves provided with kit, open bag, remove garments, untie and hang outdoors until dry (approximately 2-3 hours). When dry, garments are ready to wear. Follow standard laundering procedures. Clothing should be retreated after six weeks or after the sixth laundering to maintain adequate protection. Launder clothing at least once before retreating. Do not dry clean. For further protection, use in conjunction with an insect repellent registered for direct application to the skin and utilize the following primary preventive measures. Avoid areas where pests are found, wear appropriate clothing (light-colored, long sleeved shirt and long pants tucked into socks) and inspect body daily for ticks. Pant cuffs should be worn inside socks or footwear to ensure full protection against ticks and chiggers.

STORAGE AND DISPOSAL: **Storage:** Store in a cool, dry place inaccessible to children. If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION - Avoid contact with face, eyes, or skin. Avoid breathing vapors or spray mist. Harmful if swallowed. Wash thoroughly after handling and before eating or smoking. Do not use on humans.

FIRST AID

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice. **If On Skin:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **If In Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have product container with you when calling for help or going for treatment. Questions????: 800-940-4464, Weekdays from 9-5 EST.

ENVIRONMENTAL HAZARDS

This product is extremely toxic to fish and other aquatic organisms. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters. Buyer assumes all risks of use, storage or handling of this product not in strict accordance with directions given herewith.
